For the past 8 years I have focused my practice on assisting clients to resolve health-care related disputes. My career has encompassed regulatory, litigation, and administrative actions for senior care facilities. I have significant experience representing skilled nursing facilities, assisted living communities, and other health care providers in civil litigation and in administrative proceedings brought by state and federal regulatory agencies. In the course of my practice, I have also served as counsel in multiple state court lawsuits involving disputes over peer review actions, exclusive contracts, and retaliation claims. I have represented numerous clients in both jury and bench trials. I have also mediated and settled many litigation matters before trial.
